

Hailey Yost

Haverhill Elementary- 3rd grade

I Love Portage!

Portage is the best place in the world and I have many reasons why. You can see so many things every day I walk, for instance, the sparkling blue lakes. I can always smell the fresh clean water, and see well taken care of homes. The police are everywhere to make sure we are safe. Our city has no sight of garbage anywhere. All of our schools in Portage help children learn a lot and become smart adults.

We have lots of fun stuff to do as well. We have all of the fun exercising sports such as soccer and baseball. You can walk in fresh air and pet the friendly dogs. We have fresh water lakes that we can swim in. When it gets cold you can still have fun. You can ice skate on the shiny ice. That is why Portage is the best place in the world.
