Structure Fire at 4410 Frederick Lane

The Portage Department of Public Safety – Fire Division responded with three fire engines and 13 personnel to a room and contents fire at 4410 Frederick Lane on May 14, 2012.

The first unit on the scene reported a light haze coming from the north end of the structure. A 1¾ inch hose line was pulled to attack the fire. A mattress and chair were smoldering in a corner and quickly extinguished. The occupant reported that he had a candle burning in that area.

No injuries were reported. The fire is currently under investigation.
