**FOR IMMEDIATE RELEASE**

Date: November 1, 2013

The Portage Department of Public Safety would like to remind vehicle owners that, as of October 15, 2013, on-street parking is prohibited during the hours of 2:00 a.m. to 6:00 a.m. This parking prohibition will continue through April 15, 2014, per local ordinance Article 1 Section 78-2(a). Violators may be issued a citation for non-compliance. It is important that streets are clear of vehicles so snow removal can be performed.

Over the past few weeks, warnings have been placed on vehicles that are parked on the street to inform the vehicle owners of the ordinance. Representatives of the Portage Department of Public Safety will soon be issuing citations for violations. The community's cooperation is appreciated for a safe winter commute.
