Centre Avenue Traffic Signal Interconnection Project to Start April 17

On Wednesday, April 17, 2013, the Centre Avenue Traffic Signal Interconnection Project will begin on West Centre Avenue between US-131 and Oakland Drive. The project is expected to provide improved traffic progression and reduce air pollution along the West Centre Avenue corridor. Motorists are advised to be alert for periodic lane closures and traffic shifts on West Centre Avenue on weekdays between the hours of 9 a.m. and 3 p.m. and to seek alternate routes. The work is scheduled to be completed by September 30, 2013.

For more information on this project, please call the Department of Transportation & Utilities at 329-4422.
