

## NEWS RELEASE

FOR IMMEDIATE RELEASE  
April 15, 2013

Contact: W. Christopher Barnes, P.E.  
Director of Transportation & Utilities  
(269) 329-4422

### **2013 Major Street Reconstruction Program – Mall Drive** (Constitution Boulevard to South Westnedge Avenue)

Beginning April 17, 2013 (weather permitting), road construction will begin on Mall Drive between Constitution Boulevard and South Westnedge Avenue. The project will involve improvements along Mall Drive to sidewalk ramps, pedestrian signals, pavement milling and new hot mix asphalt. During the construction, Mall Drive will remain open to local traffic, including driveways to private businesses. The project will require periodic lane closures and traffic lane shifts, therefore traffic delays can be expected and through-traffic motorists are encouraged to seek alternate routes. The project is scheduled to be completed by June 15, 2013.

For more information on this project, please call the Department of Transportation & Utilities at 329-4422.
