East Osterhout Avenue Reconstruction (South Westnedge Avenue to Portage Road)

Beginning Monday, April 25, 2016, weather dependent, construction will begin on East Osterhout Avenue from South Westnedge Avenue to Portage Road. Construction will include storm drainage improvements, minor shoulder widening and a new asphalt surface. During construction, through traffic will be detoured and only local traffic will be maintained. A traffic detour route of Bacon Avenue to South Westnedge Avenue and Portage Road will be established. Access to driveways and business on East Osterhout Avenue will be maintained throughout the construction period. The project is anticipated to be completed by August 19, 2016.

Traffic and construction updates will be made through the *PortageAlert* System. To sign up for *PortageAlert*, visit www.portagemi.gov, follow the links to the *PortageAlert* portal, sign up and subscribe to the *2016 Osterhout Avenue Reconstruction Project*.

For more information on this project, please call the Department of Transportation & Utilities at 329-4422.
