

## NEWS RELEASE

FOR IMMEDIATE RELEASE  
September 18, 2013

Contact: W. Christopher Barnes, P.E.  
Director of Transportation & Utilities  
(269) 329-4422

### **2013 Major Street Reconstruction Program – Angling Road** (Vanderbilt Avenue to West Centre Avenue)

Beginning September 23, 2013, road construction will begin on Angling Road between Vanderbilt Avenue and West Centre Avenue (weather permitting). The Angling Road project will consist of pulverizing the existing roadway, repaving, embankment and guardrail improvements, minor widening of bike lanes in select areas, and upgrades to sidewalk ramps to comply with the *Americans with Disabilities Act*. During the construction, Angling Road (Vanderbilt Avenue to West Centre Avenue) will be closed to through traffic but remain open to local traffic. Driveways to residences and businesses will be accessible throughout the project. However, traffic delays can be expected in this area and through traffic is advised to seek alternate routes. Work is scheduled to be completed by October 31, 2013.

For additional information on this project, please call the Department of Transportation & Utilities at 329-4422.
