

## NEWS RELEASE

FOR IMMEDIATE RELEASE  
October 1, 2013

Contact: W. Christopher Barnes, P.E.  
Director of Transportation & Utilities  
(269) 329-4422

### **Schuring Road Storm Sewer and Watermain Replacement Project** (Oakland Drive to Starbrook Street)

Beginning October 7, 2013, utility construction will begin on Schuring Road from Oakland Drive to Starbrook Street (weather permitting). The Schuring Road Storm Sewer and Watermain Replacement Project will consist of abandoning old storm sewer and watermain, installation of new storm sewer and watermain and repaving a section of Schuring Road. During the construction, Schuring Road (Oakland Drive to Starbrook Street) will be closed to through traffic, but will remain open to local traffic. Traffic delays can be expected in this area and motorists are advised to follow the signed detour routes of South Westnedge Avenue, West Centre Avenue and Romence Road. Work is scheduled to be completed by November 15, 2013.

For additional information on this project, please call the Department of Transportation & Utilities at 329-4422.
