Lane Closure on Portage Road South of Romence Road

On Monday, November 1, at 8 AM, intermittent lane closures will begin on Portage Road, north of East Centre Avenue at Pfizer Circle in the northbound lanes for the removal of steel plates crossing Portage Road. Work will transition to the southbound lanes, south of Romence Road to Pfizer Circle on Wednesday, November 3. This work is part of Pfizer's facility improvements along Portage Road. Motorists may wish to seek an alternate route to avoid delays. Lanes will reopen by Friday, November 5, weather permitting.

For more information, please call the Department of Transportation & Utilities at (269) 329-4422.
