Brown Avenue/Currier Drive Road Closures

Beginning Tuesday, November 9, at 5 PM, Brown Avenue from South Westnedge Avenue to Currier Drive will be closed to facilitate paving, scheduled to begin Wednesday morning, as part of the construction of the Portage Community Senior Center. Once the leveling course is placed on Brown Avenue, which is anticipated in the late morning, it will open and Currier Drive between East Centre Avenue and Brown Avenue will close for paving of the leveling course. Operations will alternate between Brown Avenue and Currier Drive closures until both the leveling and top course of asphalt have been placed on each street.

Access to Currier Drive north of Brown Avenue will be provided at all times via either Brown Avenue or Currier Drive, with flaggers facilitating traffic. Both Brown Avenue and Currier Drive are scheduled to reopen by end of day Wednesday, November 10, weather permitting.

For more information on this project, please call the Department of Transportation & Utilities at (269) 329-4422.
