### **The Geo Mystery Tour Returns With Fantastic Forage**

Join Portage Parks & Recreation for the June Geo Mystery Tour, Fantastic Forage. On this adventure, geocachers will use GPS coordinates to find clues in Portage parks then learn more about foraging, hunting, and growing food. This includes facts about unique, Michigan grown foods and where they originate. A Garmin device is strongly recommended for this adventure.

The Geo Mystery Tour is FREE, but registration is required. Visit ***mypark.portagemi.gov*** and then click on the purple “Recreation Activities & Facility Rentals” button to register.

For more information or assistance getting started with the Geo Mystery Tour, please call Portage Parks & Recreation at (269) 329-4522.
