### **South Westnedge Avenue Nighttime Microsurfacing** Mall Drive to Trade Centre Way

Beginning Tuesday, July 12, at 8 PM, the northbound and southbound traffic on South Westnedge Avenue will be reduced to a single lane in each direction to allow for nighttime microsurfacing of the road surface from Mall Drive to Trade Centre Way. The work will be completed over the duration of four consecutive nights. Depending on favorable weather, the work will be performed on July 12, 13, 14, and 15 from 8 PM to 7 AM as depicted in the attached map.

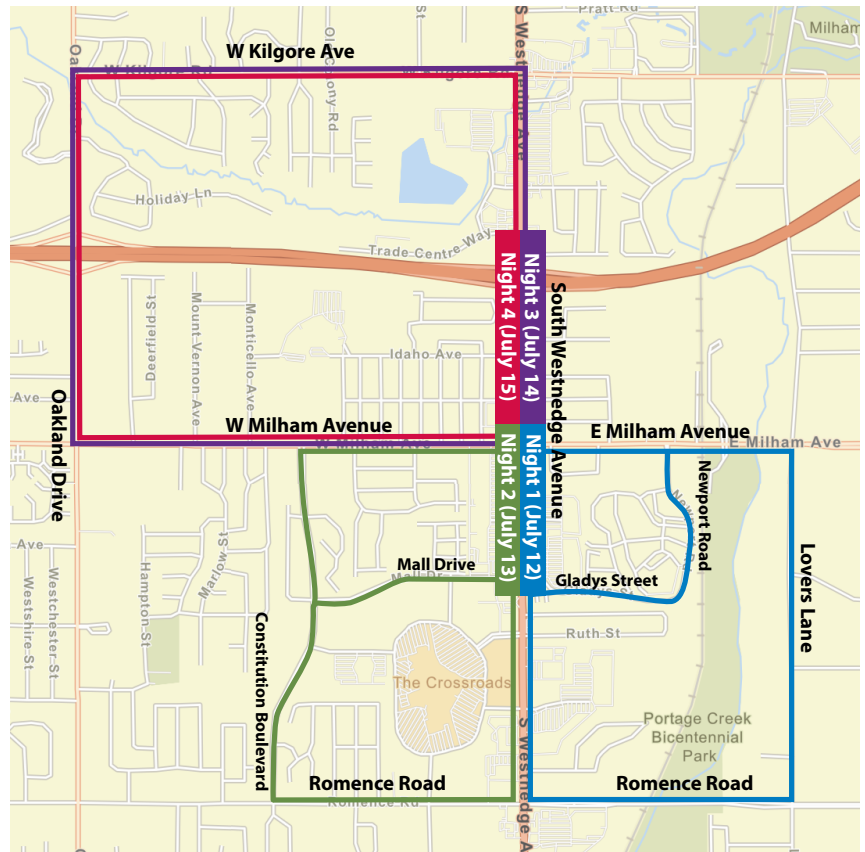

The City of Portage is committed to keeping the traffic flowing during the construction period. There will be periods of lane restrictions and consolidation of access points to South Westnedge Avenue, but access will be maintained except for brief periods during the microsurfacing operations passing through. Traffic delays can be expected in this area and motorists are advised to seek an alternate route. It is anticipated that the entire construction project is scheduled to be completed by July 16, 2022.

For more information, please call the Department of Transportation & Utilities at 329-4422.
